Doctor: James Hargreaves

Audiologist: Daisy Song

Chart No.: P1-004

Patient Name: Michael Brown

Ear Side: Both

Demo Model: ReSound OMNIA 5

Record Type: Fitting Completed

Michael came in today to go ahead with the purchase after a positive trial at home. Fitted bilateral ReSound OMNIA 5 aids and programmed them to his audiogram. Ran real-ear measurements and output was within a good range. Spent some time going through everything with him including how to put them in and take them out, charging, adjusting the volume, and getting the app set up on his phone. He picked it all up quickly. Booked him in for a follow-up in four weeks to see how he is getting on and make any adjustments if needed.
